

## Contract for Urban Cats Program

This contract is between The Humane Society, located at 121 Humane Lane, Columbia, SC 29209, and the Feral Cat Colony Caregiver:

Name: \_\_\_\_\_

Street Address: \_\_\_\_\_

City, State, Zip: \_\_\_\_\_

The Humane Society offers a reduced cost sterilization program to qualified caregivers as determined by The Humane Society Executive Director. The Humane Society will perform surgical sterilization of feral cat colonies according to accepted veterinary medical standards.

The above-named caregiver agrees to the following conditions:

- Cats will be presented for surgery in approved traps
- Colonies that are socialized will be presented in cat carriers and only on an appointment basis
- All cats have been colony members for at least one month prior to presentation
- The caregiver agrees to notify The Humane Society prior to the commencement of trapping and agrees to limit the number of traps as stipulated by The Humane Society.
- All post-surgical care will be provided by the caregiver as instructed by The Humane Society.
- The caregiver acknowledges that asocial, free-roaming cats presented for surgery are at an increased risk of surgical complications because of the limited ability to evaluate the health status of the cat.
- Failure by the caregiver to conduct activities according to the above conditions may result in immediate cessation of service by The Humane Society.
