

SPRING 2022

THE HUMANE SOCIETY
OF SOUTH CAROLINA

The Mission of the Humane Society is to end animal cruelty, neglect, and overpopulation by offering low cost spay and neuter surgery and assist in reports of animal cruelty.

STRIVING TO END ANIMAL CRUELTY & NEGLECT

We hear it all too often - dogs living outside without adequate food, water or shelter. It's not uncommon for us to receive complaints like this multiple times a day, especially as the temperature outside begins to rise. When we hear of a story such as this, there is no other option besides stepping up to help.

This story in particular began with the Humane Society receiving a complaint of 21 dogs in inadequate conditions. In the end however, it seemed this case was different than most. The dogs in question were underfed, unvaccinated, flea ridden, unsocialized and unaltered. The owner did not have the means to take care of the vast number of dogs that were in his care. The dogs began to breed with each other and soon 21 dogs became too many for him to handle. Upon becoming aware of this situation the Humane Society, as well as local rescue and animal control programs worked together in order for the dogs to receive the proper care. They received vaccinations, food, flea treatment and were all spayed/neutered. Ultimately 20 of the 21 dogs were placed within rescues and adopted out to loving families.

We were so grateful this case was brought to our attention and for the opportunity to help these dogs escape an awful situation. These are the types of cases we come in contact with everyday. It is because of your support that we were able to provide the care these dogs so desperately needed.

show your support

Helping dogs such as these would not be possible without your donations. Because of you all 21 dogs are now being properly cared for. We rely heavily on our community's support in order to continue our efforts to end animal cruelty, neglect and overpopulation. Without you none of this would be possible. Only through a cooperative effort can The Humane Society and the community to which it serves reach a solution to our region's animal welfare issues. Please consider donating today.
